

VEAL FEATURE

February 2019

Through our partnership with Le Quebecois, Evans Meats and Seafood is pleased to offer feature pricing on selected Le Quebecois veal throughout the month of February. Le Quebecois veal is known for its rose color – the natural color of veal. The natural rose color comes from a varied, nutritious diet, including grains, which give the meat a more robust flavor. We hope that you share in this opportunity to take advantage of these featured products.
