Messages from the breeder:
Dream Farm

Award winning farm of the prize of Emperor's Cup by Ministry of Agriculture, Forestry and Fisheries. We breed cows at our own farm and raise them for around 30 months. The feed we give cows are locally collected straws and mix them with high quality formula feed. Sato Senior and Sato Junior work together to aim for the highest quality of best tasting wagyu beef. We sincerely hope that the customers enjoy our safe and tasty wagyu beef.
